

Mozo Expert Choice Awards **Car Insurance 2022**

Methodology Report
September 2022

Mozo Experts Choice Awards Car Insurance 2022

Every day, Mozo keeps track of thousands of products in banking, insurance and energy. We use our knowledge and experience to identify those products that offer great value or market-leading features, and we recognise them with these awards.

- For product providers, it's a third-party endorsement of their product.
- For consumers, it's a sign that a product is among the leaders and is worthy of consideration.

Our approach to insurance awards is to seek out and reward:

Exceptional Value

Insurance that's among the best-priced for the main features it offers, based on a comparison of prices for selected customer scenarios.

Exceptional Quality

Insurance cover that leads the market in the generosity of additional benefits and flexibility of options - irrespective of price.

Not all customers are looking for the same thing, and different products have different strengths. We think it's important to show why a product has been awarded.

Value Insurance Provider of the Year - 2022

With wins in Exceptional Value categories across our consumer insurance awards, Budget Direct has once again been crowned our **Value Insurance Provider of the Year** for 2022. Their offerings continue to deliver low prices, while maintaining solid cover limits. This marks four years in a row for Budget Direct taking out a major award, a commendable achievement.

Quality Insurance Provider of the Year - 2022

Taking out Exceptional Quality awards for all three of the product categories we assessed - Car, Home & Contents, and Landlord - GIO is the **Quality Insurance Provider of the Year** for 2022. All of GIO's products stand out as offering excellent levels of cover and options to ensure that you are well protected.

Car Insurance - 2022 Winners

Exceptional Value Car Insurance

For those looking for comprehensive car insurance at the lowest cost, the below winners are a great place to start. We applied a cost assessment across more than 10,000 unique quotes, matching this against minimum cover levels, and found the insurance providers that more often offered lower premiums than the competition for products of a similar type.

Exceptional Quality Car Insurance

Our assessment of Exceptional Quality is based on how well the policy scores on a large range of different factors including the events covered and the amount they'll pay you for each one.

For Car Insurance, this assessment is weighted towards factors including the options that are available to you when your car is a total write-off and whether you can arrange a rental during repairs, but also includes whether genuine parts are used to repair your car, the amount of personal property cover, the excess choices available and lots more.

Of the 66 policies assessed, we found these to offer the most generous levels of cover.

	GIO	Platinum Car Insurance
	NRMA	Comprehensive Plus Car Insurance Comprehensive Car Insurance
	RAA	Comprehensive Car Insurance
	RAC	Comprehensive Car Insurance
	RACV	Complete Care Car Insurance
	Shannons	Comprehensive Motor Vehicle Insurance
	Suncorp	Comprehensive Advantages Car Insurance

Car Insurance Best New Product

While pay-as-you-drive car insurance options have been around for a while, KOBA has taken the concept to the next level. When signing up to KOBA you get a device to install in your car that tracks the number of kilometres travelled in real time. So you pay an upfront fixed cost and add a cents per kilometre charge to that, which you pay monthly. And with their app you can see how much your insurance is costing you almost instantly.

This represents a great innovation in car insurance, and KOBA has delivered it alongside competitive pricing as shown by the fact that they've also won an award in our Exceptional Value category.

How do we judge the winners?

Exceptional Value

Our assessment of Value is based on a comparison of over 10,000 different quotes for car insurance. For each product, we found the proportion of customer scenarios where they would rank first, second, third or fourth cheapest. A higher proportion means that a product is well-priced for a wider range of customers.

To compare prices among products that offer broadly similar levels of cover, we performed the quote comparisons three times:

1. A comparison of all products in our pricing dataset (excluding any that did not meet a basic minimum level of cover) to find the very cheapest offerings. In this comparison we assumed no optional extras were taken, and that premiums were paid annually.
2. A comparison of products that included the following items: no-excess windscreen cover and hire car after accident. In this second comparison we assumed optional extras were taken up where necessary, and we assumed annual premiums.
3. A comparison of products that achieved a very high score in our Quality Awards assessment - as described in the next section.

We awarded Exceptional Value Awards to products that scored in the top few in each of the three comparisons.

Exceptional Quality

Our assessment of Quality is based on how well the product scores on a large range of different factors including the nature and extent of the insurance cover, the inclusion of added benefits, and flexibility of excess.

Overall results are strongly weighted towards the product cover and benefits. To make our assessments of cover, we relied on product information in each insurance company's Product Disclosure Statements and on their websites.

We also made an allowance for survey results where customers rate the experience of dealing with their insurance provider. Customer experience scores were sourced from a national survey of almost 4,000 Australians commissioned by Mozo and undertaken in conjunction with Cint in April 2022, which measured customer ratings of the claims experience.

See the Appendix for a full list of the factors we considered.

Young Driver Insurance & Senior Driver Insurance

Using the same methodology, but using only quote scenarios for drivers under 25s, we assessed the policies that were competitively for young drivers, with manageable excesses. We also applied this method for scenarios where all drivers were over 55 years old for our Exceptional Value Senior Driver Insurance award.

Insurance Providers of the Year

In addition to the winners in the individual categories we recognise the insurance company or companies that achieved awards across multiple categories and insurance types.

In 2022 we chose a winner for offering the best Value and another for the best Quality categories.

What products do we consider?

We collected information for 66 car insurance policies from 55 insurance providers. These are listed in the Appendix. In a few cases, sufficient pricing data was not available and a product was only assessed for Quality awards.

The information collection was conducted in July and August 2022. To be considered for inclusion in these awards the PDS must be readily available on the insurance company's website.

Products are considered and awards are made irrespective of a product provider's commercial relationship with Mozo. We aim to include most providers in the market in the Mozo Experts Choice Awards. However, not every product on the market will be included in our review.

How we manage conflicts of interest

Mozo Experts Choice Awards are awarded irrespective of a product provider's commercial relationship with Mozo.

The Awards are based on objective verifiable facts and analysis wherever possible, and any assumptions made are set out in this report. Mozo's research team analyses product data and determines the winners in each Mozo Experts Choice category without reference to Mozo's sales or commercial functions.

Companies do not pay to enter the Mozo Experts Choice Awards. Should a winning product or service wish to use the Mozo Experts Choice Awards badges in their own marketing activities, Mozo charges them a licence fee.
